Dear Mr. Parsons:

South Plains College and Texas Tech University have formed a partnership to enable more students to gain admission to Texas Tech. One aspect of this partnership is the Gateway Program where students who haven't met Tech's initial admission requirements attend classes at South Plains College. Once these students have accumulated at least 12 semester hours of college credit at South Plains College they are automatically accepted for admission to Tech.

For the past two years my staff has been offering the Gateway Summer Conferences at the Reese Center to give students and their parents the opportunity to learn first hand about the Gateway Program, South Plains College and Texas Tech. During these conferences students are scheduled to do some "fun" things and participate in friendly competitions. We try to entertain them at the same time and one of your employees, Kidd Carson, helped us out this summer by bringing the Z102 van and providing music during the competitions. We have received nothing but favorable comments from the kids.

I want to personally thank Z102 and, in particular, Kidd Carson for helping us make our Gateway Summer Conferences a success. Please recognize Mr. Kidd in the appropriate forum for his outstanding community service.

Sincerely,

Dear Mr. Parsons,

I want to personally thank you sincerely for your donation of three desks and a "Velcro Wall System" to our school. I understand that a fair market value of these items would be around \$5000.00. I can assure that we will put these items to good use in educating our young people. The desks are already in use in classrooms, and the Velcro Wall will be used for incentive prizes for high attendance, accumulating a required number of Accelerated Reader Points, and for exhibiting exemplary behavior in class.

I appreciate your consideration of Wester Elementary School in the donation of these items. I am attaching a Partners In Education application form for you to complete and turn in to Sandra Hester at our LISD Central Office, 1628 – 19th Street. In this way, your business can be added to the list of partners supporting Wester Elementary School.

I look forward to our continued association in the future.

Dear Mr. Corbin:

On behalf of the Lubbock Area Affiliate of the Komen Breast Cancer Foundation we would like to thank you for handling the live remote at Market Street promoting the Race for the Cure this year. Through your efforts you bring us closer to a cure and ensure a better future for all women and their families.

Since 1982, the Komen Breast Cancer Foundation has been fighting the battle against breast cancer on many fronts. We fund basic and clinical research, help provide low-cost or no-cost mammography screenings and reach out through our volunteers to women across the country with the lifesaving breast health information and caring support.

Again, thank you for joining us in the fight against breast cancer. With your help and the help of other caring individuals and organizations, we are truly getting closer to our goal of eradicating breast cancer as a life-threatening disease by advancing research, education, screening and treatment.

We would like to express our appreciation to Clear Channel Broadcasting Inc. for your participation in the "Make Kids Count" Scholarship Contest.

Our granddaughter, Courtney Wofford, was awarded a \$5,000 scholarship in the 9-12 year old contest. This will be a great benefit for her when she is old enough to attend college. This was a very positive experience for her. She felt "special." It really boosted her self-esteem and confidence.

Thank you for helping make a little girl's dream of attending college more of a reality.

I want to say thank you so much for the Super Bowl tickets which my son, Landry, and I were so privileged to enjoy. I cannot tell you what a fantastic experience it was for us both. It was certainly an experience which I will never forget and I know that it created memories which Landry will carry with him the rest of his life.

There are always certain events and opportunities which you are occasionally fortunate enough to enjoy, but the Super Bowl experience ranks right up there at the top. I just want you to know how grateful we are for the generous support which your radio stations provided Habitat for Humanity and which enabled Landry and me to enjoy such an incredible weekend. We are both very appreciative of the opportunity and feel so fortunate to have been the lucky winners of such a once-in-a-lifetime event.

Scott, thank you again for the great tickets and for your help in providing Landry and me with such wonderful memories. We will always remain grateful.

Dear Mr. Parsons:

Congratulations on your sponsorship of a house in Lubbock Habitat for Humanity's Blitz Build 2000! As a member of the Advisory Committee for this project, I know first hand the commitment of time and dollars that was needed to complete each one of these special homes.

Your involvement in this worthy endeavor is proof of your organization's community spirit and willingness to help Lubbock families realize the American dream of owning a home. Without your help, Building on Faith Week and the construction of 17 homes would not have been possible. You should be justifiably proud of the contribution you have made in the lives of the families who will own these homes. Lubbock is truly blessed to have so many willing hands reaching out to help their neighbor.

Again, congratulations on participating in Blitz Build 2000. Please do not hesitate to contact me if I may be of service to you in the future.

Hello, my name is Takisha Mayfield. I am writing to thank you very much for giving me scholarship from the Texas Association of Broadcasters. I cannot begin to tell you how much this money helps me. As I approach my last semester as an undergraduate student, I am thankful that paying for my courses is one less concern. This gives me more time to focus on getting out of school and learning all I can before I graduate and prepare to enter the job market as a news reporter.

Again, thank you so much for the scholarship. I hope to one day help an aspiring journalist in the same way you have helped me. Your generosity will never be forgotten.

KFMX 4413 82nd Street Lubbock, Texas 79424

Dear Friends:

The glory of the garden lies in more than meets the eye.

- Rudyard Kipling

As fall begins and we move into the harvest season, I marvel at the leap of faith our area farmers and gardeners made last summer when they tilled the soil and planted a tiny seed knowing - and hoping - that the seed would grow into a mature plant capable of bearing fruit.

Now the Food Bank and our agencies that feed the hungry are enjoying the bounty of a productive growing season. We are distributing squash, tomatoes, black-eyed peas, pumpkins, apples and just about anything people are willing to share!

Just as area gardeners planted seeds last spring with a sense of expectation and hope, I appreciate the seeds of hope you are planting today with your gift to the South Plains Food Bank. The harvest will come through the lives of children, parents, and grandparents who are not only fed, but given nourishment and encouragement for life's journey.

In gardening, and in people, there is much more than meets the eye.

Thank you,

David Weaver, Jr. **Executive Director**

Mr. Scott Parsons GM - KFMX/KKAM/KCRM/ KFYO/KZII/KKCL PO Box 53120 Lubbock, TX 79453

Dear Mr. Parsons,

I learned at an early age that it is proper etiquette to send a thank you letter to a person who has made a difference in my life; however, words could not possibly express my gratitude for the A.H. Belo Corporation scholarship. Someone once told me it did not matter where I came from but rather where I was going. He told me that despite my childhood trials, with enough determination, I could become anything I wanted. While I agree with ninety-nine percent of that bit of wisdom, a key part was left out. Life was never handed to me on a silver platter and although I have always been determined to overcome stumbling blocks, I know that it would not be possible without someone like you. I can not thank you enough for the opportunity you have given me.

People sometimes wonder how God uses them to make a difference in life. You are my answered prayer. I am not sure if you often find your job to be sometimes thankless, but I want you to know I am very thankful for you and all you have done for me. You have allowed me to overcome another stumbling block and have made more of a difference than you could ever imagine. While I send you this "formal" letter of thanks, I hope that I might some day have the opportunity to thank you in person.

I apologize for the delay in getting this letter to you. I have been working as an assistant camp director at a Christian camp for children all summer and just recently received the great news. While I had fun playing with children and helping the camp begin a new radio station, the forte of the summer came with the news of the scholarship.

Thank you again Mr. Parsons for making a difference in my life! I hope to meet you soon.
